Dear Mr. Richard Whirley,

It has been a great pleasure to work with you on creating an updated web site for Atlanta Foods International. You took time to sit down with me and understand the needs for our web site and explained the most efficient ways to accomplish them. Despite some unexpected changes you were still able to complete the site within the quoted budget. Your quick responses and support has ensured that the project would be completed within our agreed upon timeframe.

We have already received many compliments on the updated site. Our sales representatives are now proud to direct people to the site as a resource for more information. Working with System X Designs has made this project much easier than I thought it would be.

It has been great to work with you and I am planning on using your company again on future projects.

Respectfully,

  
Cherie Spencer
