Dear Mr. Whirley:

I just wanted to let you know how much we appreciate the work you did on helping us with our website. Dana nor I had neither the expertise or skills to develop a website so this was a very daunting task we had before us. Thanks to System X Designs we now have a great website that is working well for our small business. Your ability to clearly walk us through how to maintain and edit the site, along with the assistance you provide as needed, has made this a truly enjoyable experience. We are now starting to see the benefits of having a productive site. Our website has become an integral aspect of our business, and we truly appreciate System X Designs for going the extra mile to ensure that we were happy with the outcome.

I look forward to working with you in the future on our site. If I can ever be of assistance by providing references please do not hesitate to pass along my contact information.

Sincerely,
